1. AIMS AND OBJECTIVES

To outline Thornbeck College approach in identifying and responding to SEND and to support effective inclusion in our college and communities. This policy outlines the framework for the college to meet its duty, obligation and equality values to provide a high-quality education to all of its learners, all of whom have SEND.

Our SEND policy aims to:

- Make sure our college fully implements national legislation guidance regarding learners with SEND
- Support and make provision for learners with special educational needs and disabilities
- Provide learners with SEND access to all aspects of college life
- Help learners with SEND fulfil their aspirations and achieve their best
- Help learners with SEND become confident individuals living fulfilling lives
- Help learners with SEND make a successful transition into adulthood
- Communicate with learners with SEND and their parents or carers and involve them in discussions and decisions about support and provision
- Explain the roles and responsibilities of everyone involved in providing for learners with SEND
- Communicate with, and involve, learners with SEND and their parents or carers in discussions and decisions about support and provision

2. VISION AND OBJECTIVES

At Thornbeck College we will provide all learners with access to a broad and balanced curriculum. We are committed to making sure all our learners have the chance to thrive and support them to meet their full potential. We are focused on creating an inclusive environment, where provision is tailored to the needs and abilities of learners, no matter how varied. We will ensure that there are clear and effective systems in place to meet the needs of all learners in order that they make the necessary progress to fulfil their potential. In doing so we will:

- Provide all learners with their entitlement to a broad, balanced and relevant curriculum that is differentiated according to their individual needs
- Use a transdisciplinary approach to support learner progress and support areas of need
- Provide an education that enables learners to achieve their best and develop in confidence
- Ensure the teaching and learning environment is effective by implementing specialist strategies and which will have a positive impact and improve the educational outcomes for all learners
- Ensure that there are planned, robust and transparent systems in place, that are understood by everyone, to support an efficient and consistent approach to the identification and assessment of all learners' special educational needs
- Ensure we work in partnership with parents and maintain close links with external support services and professionals where appropriate
- Ensure the college environment and expectations of staff are designed to promote independence and provide appropriate level of challenge and support
- Provide effective assessment procedures to ensure early identification of any areas of difficulty and inform interventions
- Nurture self-esteem and celebrate the success of all learners

- Prepare learners to make successful transitions, throughout their college journeys including into adulthood, whether into employment, further or higher education, training supported living or social care.

3. LEGISLATION

This is based on the statutory guidance [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and [Keeping Children Safe in Education](#)

- This policy is also based on the following legislation:
- [Children and Families Act 2014](#), part 3 which provides the legal framework for the provision of education and support for children and young people with special educational needs and disabilities (SEND), including education, health and care (EHC) plans
- [The Special Educational Needs and Disability Regulations 2014](#), which set out requirements relating to special educational needs and disability, including arrangements relating to education, health and care (EHC) plans
- The [Equality Act 2010](#) (section 20), which sets out the duty to make reasonable adjustments for disabled learners and to prevent disabled learners from being placed at a substantial disadvantage
- The [Public Sector Equality Duty](#) (section 149 of the Equality Act 2010), where applicable, which sets out responsibilities to eliminate discrimination, harassment and victimisation; advance equality of opportunity between people who share a protected characteristic and those who do not; and foster good relations between people who share a protected characteristic and those who do not
- [Mental Capacity Act 2005](#), which provides a legal framework for supporting people aged 16 and over who may lack capacity to make particular decisions and establishes principles for supporting individuals to make their own decisions wherever possible
- [Care Act 2014](#), where applicable, which sets out duties relating to the assessment and support of adults with care and support needs, including transition to adult social care

4. ARRANGEMENTS AND APPROACHES

- All learners attending Thornbeck College will have an Education, Health & Care Plan and a diagnosis of SEND
- All learners are funded by their Local Authority
- High quality teaching, differentiated for individual learners, is the first step in our college's response to learners
- On entry to the college the learners strengths and areas for development will be assessed and identified and used to plan support and provision.
- Documentation to support learners' will be created such as risk assessments and individual STEP plans, learning ladders
- Families have a vital role to play in supporting their son/daughters education and as such their views will be sought and they will be included in decision making.

4.1 OUR LEARNERS WILL HAVE

- Full access to a broad, balanced and relevant education, including an appropriately individualised and differentiated curriculum
- The college will manage its resources to ensure all learners needs are met
- Provision and progress for our learners will be monitored and reviewed regularly
- The college will collaborate with outside agencies, education, health and social care services to provide support where appropriate.
- The responsibility for Education, Health & Care Plans will be reviewed regularly in line with SEND Code of Practice and learners needs and this lies with the local authority
- Transition planning will lead to successful entry into the college and successful preparation for adulthood, including independent living and employment.
- Full access to a range of accredited courses that are personalised as appropriate in line with learners' long- term goal and planned destination

4.2 COLLEGE WILL EVALUATE THE SUCCESS OF THEIR PROVISION, CONSIDERING:

- the level of support learners received and the amount of progress they make (including against EHCP outcomes)
- the progress data of learners
- where appropriate, the success of pupil premium strategies
- the impact of training and new approaches to meeting needs
- the views of learners and parents
- the views of outside agencies
- destination tracking
- achievement of external qualifications
- observations of teaching and learning
- monitoring of attendance data, both daily and/or sessional
- monitoring of engagement in learning
- monitoring of behaviour incidents and risk assessments
- informal discussion with learners
- regular communication with parents or carers
- parent or carer and learner questionnaires

5. LEARNERS WITH SPECIFIC CIRCUMSTANCES

Please note this section should be considered alongside the expectations and procedures of the College Safeguarding policies and the government's Keeping Children Safe in Education 2026.

5.1 LEARNERS WITH COMMUNICATION NEEDS

- We note that many of the learners in our college will have communication needs related to their SEND diagnosis

- We will work to ensure that all learners have a medium to be able to express their wishes and feelings, and that these wishes and feelings are taken into account by college staff and leadership

5.2 LEARNERS WITH A SOCIAL WORKER

- We note that all learners with a disability can be considered a Child in Need under Section 17 of The Children Act (1989). Therefore, many of our learners will have or previously have had a social worker for this or other reasons.
- Learners may need a social worker due to safeguarding or welfare needs. Learners may need this help due to abuse and/or neglect and/or complex family circumstances. A learner's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour, wellbeing and mental health.
- Where learners need a social worker, this will inform the college's decisions about Safeguarding (for example, responding to unauthorised absences or a learner being missing from education) and about promoting welfare (for example, considering the provision of pastoral and/or academic support).
- We will work closely with all relevant professionals including social workers to safeguard and promote the educational interests of our learners.

5.3 LEARNERS IN (OR PREVIOUSLY IN) THE CARE OF THE LOCAL AUTHORITY

Learners at the college who are being accommodated, or who have been taken into care, by their Local Authority are legally defined as being 'looked after'.

- The college has a designated member of staff, the Principal for coordinating the support for learners in the care of the Local Authority
- Designated teachers should ensure that the implications of a learner being both looked after and having SEND are fully understood by relevant college staff
- Our college will promote the learner's Personal Education Plan (PEP) and ensure this is reviewed regularly
- Our college is conscious that individuals in the care of the Local Authority are more likely to be missing from education, and we will ensure that any concerns of this nature are dealt with as part of our safeguarding policies
- A previously looked after child potentially remains vulnerable and all staff will have the skills, knowledge and understanding to keep previously looked after children safe
- We note that when dealing with looked after children and previously looked after children, it is important that all agencies work together and prompt action is taken when necessary to safeguard these children/ young people, who are a particularly vulnerable group
- We will promote the educational and welfare needs of care leavers as they transition to adulthood, working in collaboration with their personal advisors

5.4 LEARNERS WITH MEDICAL CONDITIONS AND HEALTH NEEDS

- The college recognises that learners may have medical conditions, disabilities and/or health needs that affect their ability to access education, participate fully in college life and achieve positive outcomes. The College will take account of each learner's individual medical, health and SEND needs when planning and delivering their education and support.
- The college will ensure that relevant staff understand the impact of a learner's medical condition and how this may interact with their SEND, learning, communication, physical, emotional and wellbeing needs. Staff will receive appropriate information, guidance and training to enable them to support learners safely and effectively within the scope of their roles and responsibilities.
- Where a learner with SEND also has a medical condition or significant health need, their educational provision will be planned and delivered in a coordinated way, taking account of their EHC plan where one is in place, relevant healthcare information, advice from health professionals, reasonable adjustments and any appropriate risk assessments, healthcare plans or individual support arrangements.
- Where concerns are identified about a learner's medical or health needs, the college will work with the learner and, where appropriate, their parent or carer, advocate, health professionals, local authority and other relevant agencies to understand the learner's needs and identify appropriate support. The college may seek advice, assessments or recommendations from suitably qualified health professionals where this is necessary to inform educational provision and support.
- The college will work within the appropriate professional boundaries when responding to medical and clinical needs. Clinical assessment, diagnosis, treatment and medical decision-making remain the responsibility of appropriately qualified healthcare professionals. College staff will follow relevant professional advice and agreed procedures when providing support within their role.
- Therapeutic and clinical support will be integrated with educational provision where this forms part of the learner's identified needs and agreed support arrangements. The college will promote effective communication and collaborative working between education staff, clinicians, therapists, families or representatives and external agencies, where appropriate and with due regard to confidentiality and information-sharing requirements.
- The college will make reasonable adjustments for disabled learners in accordance with the Equality Act 2010 and will seek to ensure that learners are not placed at a substantial disadvantage because of their disability or medical condition.
- The college will consider the impact of medical conditions and health needs on attendance, participation, learning, behaviour, communication, wellbeing and preparation for adulthood, and will make appropriate adjustments and provide support in accordance with the learner's individual circumstances.

5.5 LEARNERS WITH ETHNIC MINORITY BACKGROUNDS

Thornbeck College will consider all aspects of provision to ensure it is effective for this group. Our college is committed to taking action to prevent discrimination and to support equality. This includes, but is not limited to :

- procedures for assessment and interventions, training of staff, curriculum, wellbeing and parent support
- Some learners are in areas where there is a higher representation of people from ethnic minority backgrounds. College will work with their local authorities with regards to understanding local need and ensuring strong provision

6. ROLES AND RESPONSIBILITIES

6.1 The Trustees are responsible for

- Ratifying and regularly reviewing this policy to ensure it conforms to relevant law and guidance (in conjunction with the NEAS Director of Education)
- Ensure local procedures are in place to effectively implement this policy within the college
- To keep themselves informed through regular meetings with staff and visits to the college
- Monitor the effectiveness of the policy and advise of NEAS board of trustees of any necessary amendments
- Appointing a trustee who will review the effectiveness of implementation and report back to the trustee board meetings on a regular basis
- To ensure that any issue that may be perceived as a potential reputational risk is referred to the NEAS board of trustees.

6.2 The Principal is responsible for

- Ensuring all relevant staff are aware of this policy, receive appropriate professional development and local procedures are followed.
- The Principal will assign member/s of the leadership team to ensure the code of practice is effectively implemented as well as effective liaison with external agencies and coordination of annual reviews and appropriate training to meet individual need.

6.3 The Senior Leadership Team is responsible for:

- Determining the strategic development of SEND policy and provision in the college with the support of Executive Leadership Team (ELT)
- Day-to-day responsibility for the operation of SEND policy and coordination of specific provision made to support individual learners', all of whom have an EHCP
- Providing professional guidance to colleagues, working closely with staff, parents and other agencies;
- Being aware of the provision in the Local Offer and be able to work with professionals providing a support role to families to ensure that learners receive appropriate support and high-quality teaching;
- Liaising with the relevant Designated Teacher where a learner is a looked after child;
- Advising on the deployment of the college's budget and other resources to meet learners' needs effectively;
- Being a key point of contact with external agencies, especially the local authority and its support services;
- Liaising with potential next providers of education/social care opportunities to ensure a learner and their parents are informed about options and a smooth transition is planned;
- Ensuring that the college keeps the records of all learners up to date;
- Coordinating access to appropriate therapy services.

6.4 Key tutors are responsible for:

- Knowing learners and their needs well. This starts through forming effective relationships with learners and their families
- Planning and reviewing support for their key learners
- Setting high expectations for every learner considering their individual needs
- Planning sessions to address potential areas of difficulty to ensure that there are no barriers to every learner achieving
- Ensuring every learner can access the college curriculum
- Being accountable for the progress and development of learners
- Being aware of the needs, outcomes sought, and support provided to any learner they are working with
- Keeping the leadership team up to date with any changes in profile, academic developments and causes of concern.
- With the college Leadership Team, monitor to identify any staff who have specific training needs regarding SEND, and incorporate this into the college's plan for continuous professional development.

6.5 Parents or carers

Parents or carers of a learner on the SEND register will always be given the opportunity to provide information and express their views about the learner's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to review meetings to review the provision that is in place for their son/daughter
- Asked to provide information about the impact of SEND support outside college and any changes in the learner's needs
- Given the opportunity to share their concerns and, with college staff and agree, their long-term goals and aspirations for the learner
- Given a termly report on the learners' progress
- The college will consider the views of the parents or carers in any decisions made about the learner

6.6 The learner

Learners will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the learner:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions
- The learner's views will be considered in making decisions that affect them, whenever possible

7. EQUALITY IMPACT ASSESSMENT

In the design of this policy, we have considered the complex inter-relating elements that impact on the effective support and identification of those with SEND. This policy seeks to promote the rights of people who have one or more of the protected characteristics (of which everyone does). We alert users of this policy to the need to consider these specific factors alongside SEND. This policy aims to support equality and inclusion both within our college and communities. Effective SEND provision will ensure any adverse impacts are identified, and actions are taken to remove or mitigate.

Through the implementation of this policy, we seek to lessen some of the known inequalities that exist in society, including, but not limited to race, disability and gender, through carefully designed provision and support that affords opportunities for people with those protected characteristics to excel.

8. EVALUATING THE EFFECTIVENESS OF THE POLICY

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- Learners' progress and attainment once they have been identified as having SEND
- Whether learners with SEND feel safe, valued and included in the college community
- Comments and feedback from learners and their parents/carers
- Comments and feedback from other professionals

9. LINKS TO OTHER POLICIES

This policy operates in conjunction with the following college policies:

- Curriculum offer
- Behaviour Policy
- Safeguarding Policy
- STEP policy
